

# PRESTON C OF E PRIMARY SCHOOL DEVELOPMENT PLAN 2024 - 2025

#### Boxes highlighted in green indicate that the task has been fully or partially met.

### PRIORITY 1: To continue to achieve high standards in Reading, Writing and Maths throughout the school and improve the rates of progress still further.

Rationale: The school has been judged as Outstanding in the last Ofsted inspection (2024). The SLT makes their high expectations very clear and staff are fully aware that to maintain this judgement pupil achievement must always remain high. This is particularly important as we have new members of staff.

Rationale: In order to maintain and improve on previous standards and pupil progress, it is essential that all staff teach lessons and group tasks that are often outstanding. This will involve using motivating teaching strategies, such as a range of exciting practical resources, and fostering pupils' curiosity and independence.

## PRIORITY 3: To increase the capacity of the school significantly by enhancing provision in a variety of ways, including further development of the staff team.

Rationale: The basic provision is outstanding and the curriculum already enhanced. However, there will remain always a greater scope to increase the capacity of the school through improvements to the learning environment, the curriculum provision both within and beyond the school day and through links with other learning communities and with parents. Redistribution and widening of some staffing roles to support new developments. Some key members of staff are carrying out school improvement work in other schools. We must ensure that capacity at Preston Primary remains very strong. We want all of our children to become good citizens.
