

Was and Were

You will need the following pronouns for this activity;

He

She

They

You will also need these verbs;

jumping

sliding

sleeping

laughing

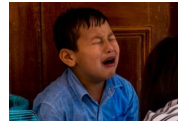

painting

cooking

gardening

crying

We use the word **was** when there is **1 person** and the word **were** when there are **2 or more people**. They are both used for the past tense. When something has already happened. For example;

They were laughing.

She was painting.

Can you say what these people did yesterday?
