Dear Parents,

Re: Sex and Relationship Education for Year 6 pupils

Within the National Curriculum, pupils are expected to be taught about aspects of sex and relationship education. We believe that this involves learning about physical, moral and emotional development and the understanding of the importance of stable relationships, respect, love and care.

The subject matter is handled very sensitively and presented in an appropriate manner, considering the age of the pupils. All is delivered in accordance with government guidance.

Subjects covered include body changes in puberty (male and female) and human reproduction. There will also be the opportunity for pupils to ask questions about any aspect of this subject that concerns them. The aim of the programme is to support pupils through this potentially confusing and emotional time. We, as class teachers, will be delivering the lessons.

Parents do have a right to withdraw their child from this aspect of their education, but it is recommended that all pupils are present. If you do not wish your child to take part, please let us know. The sessions will take place on **Thursday 26th June**.

We are happy to answer any questions you may have about subject content or resources, so please feel free to contact us if necessary.

Yours sincerely

T Branch E Moorhouse

Year 6 Teaching Team
