

# Staying Responsible Contract

## Technology Acceptable User Agreement – KS2

### Introduction

Digital technologies have become integral to the lives of children and young people, both within and outside schools. These technologies are powerful tools, which open-up new opportunities for everyone. They can stimulate discussion, encourage creativity and stimulate awareness of context to promote effective learning. Learners should have an entitlement to safe access to these digital technologies.

### This acceptable use agreement is intended:

- to ensure that learners will have good access to devices and online content, be responsible users and stay safe while using digital technologies for educational, personal and recreational use
- to help learners understand good online behaviours that they can use in school, but also outside school
- to protect school devices and networks from accidental or deliberate misuse that could put the security of the systems and users at risk.

### Acceptable Use Agreement

When I use devices, I must behave responsibly to help keep me and other users safe online and to look after the devices.

### For my own personal safety:

- I understand that what I do online will be supervised and monitored and that I may not be allowed to use devices in school unless I follow these rules and use them responsibly
- I will only visit internet sites that adults have told me are safe to visit
- I will keep my usernames and passwords safe and secure and not share it with anyone else
- I will be aware of "stranger danger" when I am online
- I will not share personal information about myself or others when online
- I will immediately tell an adult if I see anything that makes me feel uncomfortable when I see it online.
- I will be aware of misinformation online and report it if I am worried.

### I will look after the devices I use, so that the school and everyone there can be safe:

- I will handle all the devices carefully and only use them if I have permission.
- I will not try to alter the settings on any devices or try to install any software or programmes.
- I will tell an adult if a device is damaged or if anything else goes wrong.
- I will only use the devices to do things that I am allowed to do.
- I will move around in a safe way while handling devices.

### I will think about how my behaviour online might affect other people:

- When online, I will act as I expect others to act toward me.
- I will not copy anyone else's work or files without their permission.

- I will be polite and responsible when I communicate with others and I appreciate that others may have different opinions to me.
- I will not take or share images of anyone without their permission.
- I will tell an adult if I witness someone breaking one of the rules.
- I will only access age-appropriate content and use PEGI ratings to help me. I will ask if I am unsure.

Scan QR code below for further information about PEGI ratings.

**I know that there are other rules that I need to follow:**

- I will make sure all personal devices are given to my class teacher. Personal devices will not be brought into the school unless prior permission is given. This is to include smart watches capable of recording audio or video.
- When I am using the internet to find information, I should take care to check that the information is accurate, as I understand that the work of others may not be truthful and may be a deliberate attempt to mislead me.

**I understand that I am responsible for my actions, both in and out of school:**

- I know that I am expected to follow these rules in school and that I should behave in the same way when out of school as well.
- I understand that if I do not follow these rules, there may be consequences.
